

Job Vacancy

Nigeria LNG Limited, a global LNG company helping to build a better Nigeria, was incorporated as a limited liability company on 17th May 1989, to harness Nigeria's vast natural gas resources and produce Liquefied Natural Gas (LNG) and Natural Gas Liquids (NGLs) for the domestic and export markets.

We operate from four offices spread across different locations. Our liquefaction plant is located in Bonny Island and the corporate Head Office is in Port Harcourt, Rivers State, Nigeria.

NLNG has two subsidiaries: Bonny Gas Transport Limited (BGT), that provides shipping capacity and NLNG Ship Manning Limited (NSML) that provides vessel management services and manning. Our LNG is delivered to an ever-expanding list of ports and receiving facilities around the world.

We are an Equal Opportunity Employer and all employment decisions at NLNG are based on business need, job requirements and individual qualifications after competitive assessment.

We seek to engage suitably qualified candidates for employment into the following positions:

1. TRAINEE OPERATOR (PO/2021/001)

The Job Objective: To carry out daily field operational activities in the assigned plant area in a safe and efficient manner; contributing to steady and sustained production in line with daily production targets.

2. TRAINEE TECHNICIAN (PM/2021/001)

The Job Objective: To execute field or workshop maintenance tasks, to meet work programmes, safety requirements, and quality standards to ensure plant integrity, reliability and availability in a safe, efficient, and cost-effective manner.

Both positions are located in Bonny Island, Rivers State.

The Person:
